

Time Travelers!

Our Avatars have decided to explore the different historical period thanks to their Time Machine, but it looks like they're a bit lost. Can you help them?

1 Match each historical period with the event that marked its beginning:

Middle Ages

Appearance of the first human being

Contemporary Age

Invention of writing, in around 3500 BC

Pre-history

French Revolution of 1789

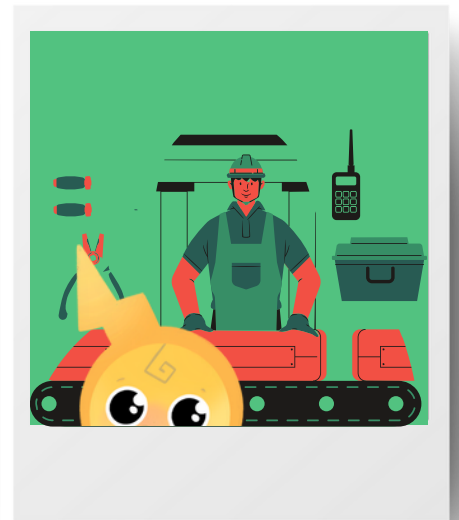

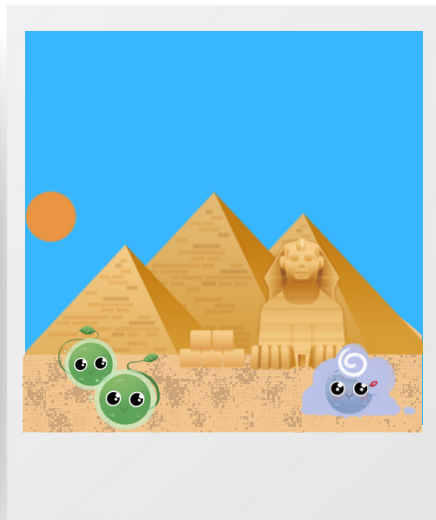

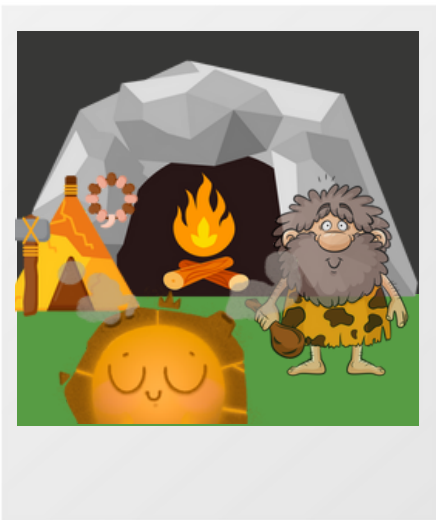

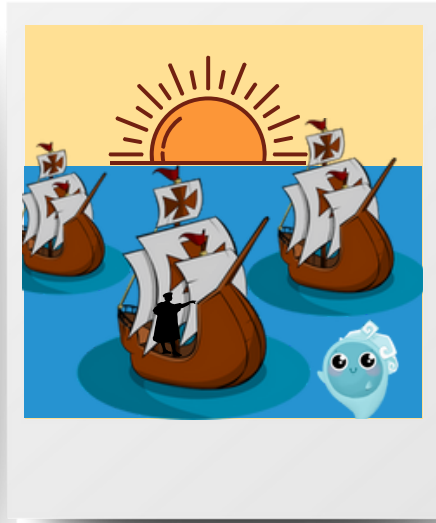

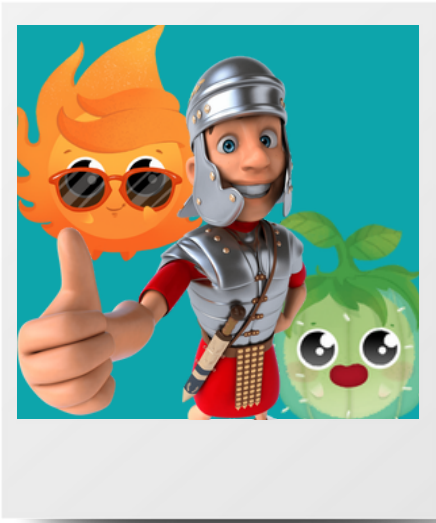

Modern Age

Following the fall of the Roman Empire in 476

Ancient Age

Discovery of America in 1492

2 Classify each historical period corresponding to the photos our Avatars took on their trips:

3 Which is your favorite historical period? Why?
